THE SCHOOL 'BLANKET' CONSENT
TO NO EXTRA PERMISSION IS
REQUIRED. THANK YOU

Dear Students, Parents and Families in Huatekerekere Hub

Swimming

The children have made a great start to Swim Week. In preparation for any school activity we do lots of discussion with the children in the Hub around expectations for the event. We call this our 'Carew Care Code'. Students co-construct self management strategies for how to behave in certain situations.

Examples of these for Swim Week, are:

1. Try my best and have a go
2. Keep my belongings organised
3. How to be safe around and in the pool

Eco-Educate

Anthea from Eco-educate is visiting our school today to share the new recycling information.

Peel Forest Trip - 4 November, 2020

We hope that some of you will be able to join us for our Peel Forest trip next week. We want the children to enjoy being in Peel Forest, appreciating its natural beauty and participate in learning outdoors. Students will be working in our Care Crew groups and not class groups for this event. This will help to build relationships and caring for each other across the different age groups. Please contact us. if you can help or have any questions.

Pet Day - Thursday 12 November

Please continue to send in your pet day entry forms as entries close this week. We look forward to this popular event.

Regards,

Pip, Jayne and Cushla

Eco-Educate**

Tena koutou!

We can't believe it's week 3 of term 4 already! Where has this year gone?

We have a super busy term in Tarahaoa hub, with a couple of field trips including a trip to the Science Roadshow, the Ashburton Gallery and a walk in Peel Forest. Keep an eye out for notices coming home.

This week we went to Top Team at Woodbury domain. All of our teams did exceptionally well, especially considering the weather was not the best for activities that involve water! The Lemons (Tom, Fanuel, Jillian, Bri, Savanna, Hunter) took out the top team but all of our teams showed fantastic team work. They made us very proud to be their teachers.

Last week, the year 6's from Kereru attended the National Young Leaders day in Christchurch. There were some really inspiring stories and all of the year 6's came back buzzing. Seeing Caleb Clarke was a highlight with a couple of students even managing to get a signature.

With Pet Day rapidly approaching, we will be looking at writing reports on a chosen animal. We have done a lot of story and creative writing this year and so hope to extend our writers by focusing on non-fiction report writing.

We are continuing with fraction knowledge in maths but will be introducing basic coding in the next few weeks. This will enhance their understanding of directions, mapping and problem solving skills.

Susanne and Connie
